

The Fastest Way To Get Live SAP Data Into Excel

Wands For SAP Gives You A Live Excel Reporting Tool For SAP ECC And SAP S/4HANA.
Build Financial And Operational Reports In Minutes, Refresh On Demand, And Drill Into Transaction-Level
Detail Without Ever Leaving Excel.

Wands For SAP

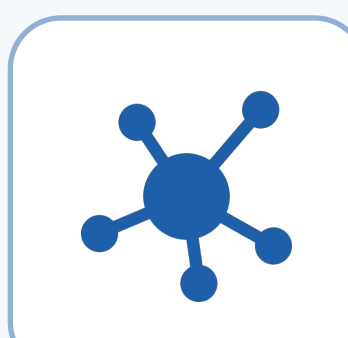

SAP Reporting

SAP ECC & S/4HANA

Live Excel Connection

Why Wands For SAP

Built For SAP Reporting Teams Who Live In Excel

Live SAP Connection

Connect Directly To SAP ECC
And SAP S/4HANA No Exports,
No Static Files, No Manual
Downloads.

Build Reports Faster

Create Any SAP Report Using
Real-Time Data With Excel
Formulas You Already Know.
No T-Codes, No ABAP.

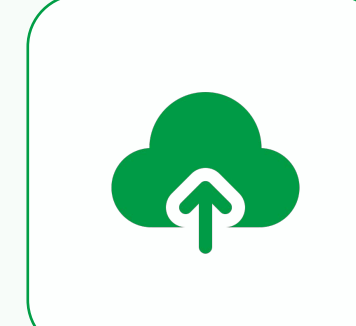

Reduce Reporting Errors

Eliminate Copy-Paste,
Outdated Exports, And Data
Mismatches With Fully
Connected, Refreshable
Reports.

Drill Into The Details

Refresh With One Click And
Drill Straight Into Transaction
Level Detail Inside SAP
Whenever You Need It.

Stay Compatible Through Migration

Reports Stay Connected
Through Your SAP ECC To
S/4HANA Migration, With No
Rebuilds Required.

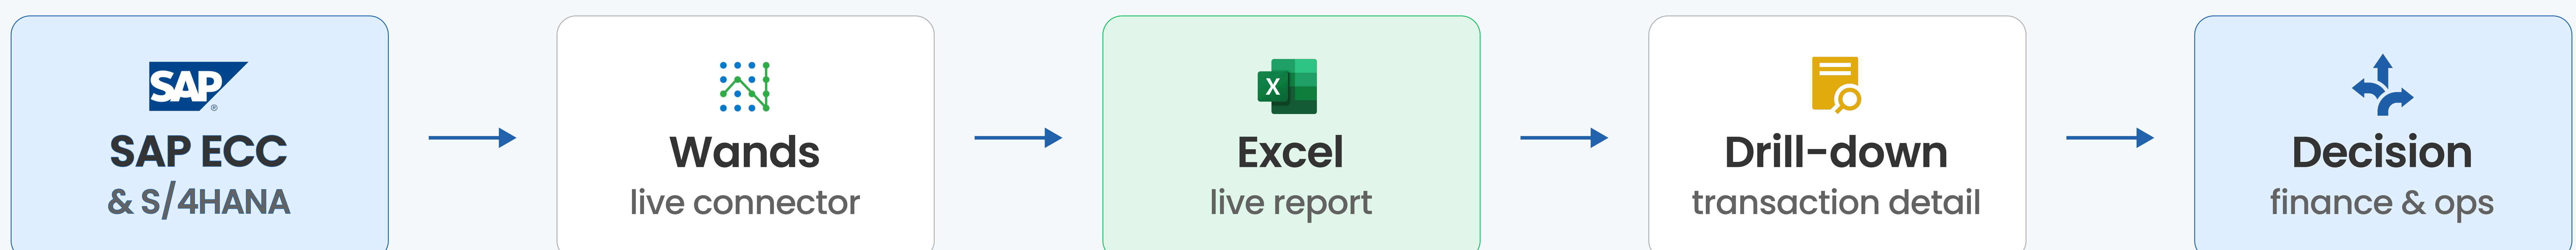

Start Reporting Immediately

2-3 Hour Installation, Pre-Built
Financial Templates, And Your
First Live Report The Same
Day.

How It Works

From SAP To Excel To Decision

RFC And OData Connections — No Custom SAP Code Modifications Required

Modules

One Suite, Built To Grow With You

Start With GL Wand For Core Financial Reporting, Then Add Modules As Your SAP Reporting Needs Expand.
Each Wand Works Independently Or Together.

Financial Reporting

GL Wand

Build P&Ls, Balance Sheets, And Trial Balances From Live SAP General Ledger Data, With Drill-Down To Cost Centers And Document Splits.

Operational Reporting

Reports Wand

Report On Inventory, Logistics, Materials Management, And Sales By Connecting To Any SAP Table Or Business View.

Budgeting & Forecasting

Planning Wand

Upload Budgets And Forecasts To SAP Directly From Excel, With Built-In Validation That Catches Errors Before Posting.

Journal Entries

Journal Wand

Prepare, Validate, And Post Journal Entries To SAP From Excel Without Switching Screens During Month End Close.

Automated Distribution

Report Distribution Manager

Schedule And Send Reports Automatically By Email Or Shared Folder, With Different Views For Different Recipients.

Connectivity

Works With SAP ECC & S/4HANA

Built-In Support For SAP ECC, SAP S/4HANA On-Premise, And SAP S/4HANA Public Cloud Through RFC And OData.

Who Wands For SAP Is Built For
